FOREWORD

Dear Daylily Lovers Everywhere:

The magic spell of daylily blooms at this time makes us thankful for the hardiness of our favorite flower. Through the fine cooperation of our many customers, we were able to add many brand new varieties to our collection since last year. We thank everyone that has made our business a success, enabling us to keep abreast of this flood of beauty being offered each year. We hope that you will favor us with your continued patronage and we promise to serve you promptly and fairly.

Due to the work load in sponsoring Region 13 meeting May 25th, 26th and 27th, 1962, plus illness in the family we are unable to publish our regular descriptive catalogue at this time. Therefore, in order to keep our friends and customers informed as to what to expect from us this year, we are offering this advance list which will be followed by our complete descriptive catalogue this fall.

We are including a few new introductions which we hope you will be pleased with. Most varieties listed here are described in our last descriptive catalogue with the exception of a few 1961 and 1962 Introductions of the top hybridizers in the country.

We are growing many varieties not listed due to shortage of stock. A visit to our garden would be a memorable occasion to anyone and we cordially invite each and everyone to tour our garden at your convenience, you're always welcome.

Again thanking our customers for making this list possible, we are,

Sincerely,

C. G. & Louise Simon

CATHY JANE FRINK (Simon, 1962) (N4-1-60-1) 24"

E. Ev. Re. This is indeed a luscious looking, ruffled, large melon flower that takes the hot sun all day. The pink raised midrib and greenish throat adds to its beauty. Petals are 2 1/4" sepals 1 1/2" and recurved. Diamond dusted, it glows all day, stays open until 10 P.M. It has three blooming periods, early, midseason and late. Wide spread excellent branching on sturdy scapes. J. C. 1961 ----\$25.00

CYNTHIA MARIE RITCHEY (Simon, 1962) (0-1-60-3)

26" E. D. Re. A medium size ruffled melon, with a raised light pink midrib. Creped 2" petals, smooth 1 1/4" recurved sepals. The color is even, with exception of greenish throat deep down. We feel honored and privileged to introduce three varieties created by the affable Willard A. King of Bethesda, Maryland. We have grown and observed these varieties for three years and we do not hesitate to recommend them to our friends as top performers in their respective classes.

PETITE VIOLETTE (King 1962) (No. 57-87) M. Re.

This darling little miniature grows tall in Maryland but down south its only 22". The form is perfectly round with overlapping lavender, ruffled petals with a wide cream midrib. Its of a delicate color and needs partial shade. Clumps fast, blooms all summer. ----- \$ 5.00
